By Law 17 – current wording the same as above except AA substituted where A appears.

NEW BY LAW 16

All wording the same as By Law 16 above except the designation of the playing level ( A or AA) deleted.

RATIONAL:

Hockey Winnipeg Female Council recognizes ONE representative from the Area for female hockey which is sufficient given the Eagles and Predators program consisting of 10 teams is shared with Lord Selkirk Minor Hockey who also have a representative at the Female Council. Reducing the VP positions will align REMHA with the Female Councils structure.

Combining the VP positions will ensure that the Association representation will need to consider all levels when voting on matters at Female Council and if necessary the VP can form a committee from the Area to assist with tryouts etc. if necessary.
